Ok I will send her an email clarifying to contact Will and I'll give their email to Jane. I was thinking from a generic point of view in terms of the process, but if we have a POC for Exide itself that's better!

Thanks. Jane should contact Will Duncan in SEMD. I should not be answering questions about the listing process SEMD should do that.

Hi Jane –

Thanks for your email, I am always free to chat. However, I don't feel I will be of much use.... When DTSC took over the facility work I transitioned off the project. Also I am not involved in anything regarding the listing decisions. Nicole Moutoux would be an excellent person to discuss that process with you! Would you like me to have her contact you?

Amanda,

Could we make a time to talk about the Exide issues this week. I understand that there is an effort to add it to the NPL list.

Thanks!
